

Available Parts As of 28/03/2012 this is the complete parts list of all Vampire, Venom or Goblin parts that have been catalogued and are in storage in three 40ft High Cube shipping containers.

Parts not on the List There are still three 40ft High Cube shipping containers of larger parts that have not been catalogued. If you are looking for a part that is not on this list, then please send us photos of that part, in particular where we can find the part number and we will try to assist.
